Non-sensitising milk acids are combined with papain fruit enzymes to gently exfoliate dead skin cells, while antioxidant-rich berries are fed to nourish and protect the skin against damaging toxins. This refreshing treatment will strengthen the skin against common skin concerns such as pigmentation, sensitivity, breakouts and dehydration that can occur during pregnancy.

Your skin will be left renewed, glowing and soft as a baby's bottom.

### Mummy's Tummy (belly) Facial

**Comfort irritated, dry and stretching skin with this nourishing moisture treatment for the tummy**

Relax and enjoy an indulgent cleansing of the feet to relieve aches and pains while your mind and body relaxes.

The treatment is complete with a gentle massage application of Mummy's tummy, a shea butter-infused cream that will soothe, protect and nourish the skin for an all over tummy moisture glow.
